WHY CHOOSE FIXD

IN-HOUSE SERVICE TECHNICIANS

When you book a job with Fixd, you get a Fixd employee, not an unpredictable third-party technician.

ON-SITE CLAIMS APPROVAL

We approve claims while our Fixd Technician is at your home. We don't find reasons to deny.

INSTANT SCHEDULING, FAST SERVICE

No more long wait times on hold. Book a job in seconds using the Fixd app.

90% of jobs are completed within one day of being scheduled.

BACKGROUND CHECKED TECHNICIANS

Other warranty companies only background check the owner of the service company. Every Fixd Technician is verified.

REAL-TIME TRACKING

Why spend your day waiting on a service appointment? Track your Fixd Technician en route to your front door.

FIXD GUARANTEE

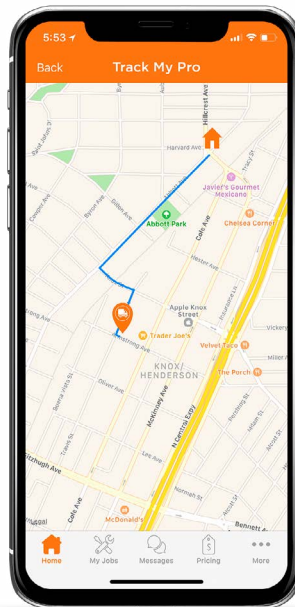

We back our work and will spend up to \$10,000 to make it right!

THE FIXD DIFFERENCE

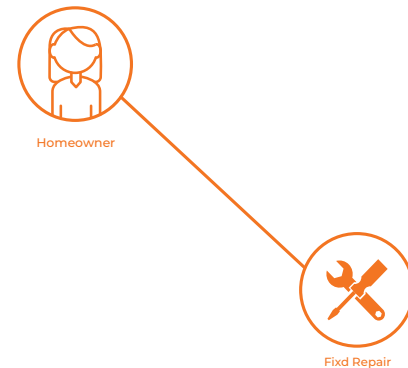

OTHER WARRANTY COMPANIES

The Triangle of Conflict.

FIXD REPAIR

The benefit of in-house Technicians.

Traditional home warranty companies are incentivized to bandage repairs or deny claims.

As a home service company, Fixd is incentivized to think beyond warranty claims in building long-term relationships with homeowners.

Warranty companies outsource repair work to the cheapest vendors and do not have control over scheduling or quality of work.

We employ in-house Technicians which allows us to get to your job faster and control the quality of service.

The third-party technician is incentivized to find reasons for your claim to be denied so they can up-charge you using their full retail rates.

Our Technicians are compensated the same whether it's a warranty claim or service work. There is no benefit for them to deny claims.

Drawn out claim negotiations are commonplace between the home warranty company, third-party technician, and homeowner. Leaving you without working appliances for days to weeks.

Fixd cuts out the middleman for seamless, on-site claims approval to get your home up and running as fast as possible!

ON-DEMAND HOME SERVICES

Anyone can book a background checked Fixd Technician with the comfort of our upfront Fixd-Rate pricing available in the app and online.
